

KICK CAMP COVID-19 RISK ASSESSMENT

KICK is committed to ensuring that our KICK Camps provide a safe environment for all children and staff, adhering to Government guidelines around safe practice and social distancing measures as identified in the recent Government Guidance *‘Protective measures for holiday and after-school clubs, and other out-of-school settings during the coronavirus (COVID-19) outbreak’*. We have a vital role in ensuring the ongoing health of children, young people and their families with regards to Covid-19. The Risk Assessment below is a standard Risk Assessment for Easter KICK Camp Provision taking place in April 2021, however each KICK Camp venue will have a Risk Assessment containing further information specific to its site.

Name of person completing the risk assessment:	Jonathan Sanders (KICK Camp Co-ordinator), Becci Lee (HR Manager) & John Wright (Quality Manager).	Date Completed:	Updated 31/03/2021
Description of work area being assessed:	KICK Camp Risk Assessment for KICK Camps taking place in the April 2021 Easter Holidays, ensuring that KICK Camps create a safe environment for all children and staff, adhering to Government Guidelines around safe practice and social distancing measures.		
Description of task being assessed:	Easter KICK Camp Risk Assessment Template – Each KICK Camp will have a Risk Assessment containing further information specific to its site.

POSSIBLE OR CONFIRMED CASES OF COVID-19

A child or adult at camp displaying symptoms of COVID-19. A clear procedure needs to be in place to manage this eventuality it occurs.	Children, Young People, Staff & Families.	Children, young people, staff and families at risk of/or becoming infected with Covid-19.	<p>*KICK to follow Government procedures and guidelines with regards to possible or confirmed cases of Covid-19.</p> <p>*All staff delivering KICK Camp sessions understand and adhere to procedures for possible and confirmed cases of Covid-19.</p>	2	4 / 5	8 / 10	<p>*If a child displays symptoms of Covid-19, they will isolate in a designated area and parents/guardians will be contacted for immediate collection.</p> <p>*If a staff member is required to come within 2 metres of the child, they need to wear PPE.</p> <p>*If the child needs the toilet, this should be a separate toilet to the one assigned for every other child.</p> <p>*Once the child has been collected, they must get tested using the NHS portal 111. KICK then need to be informed of the results of the test.</p> <p>*If the test is negative, the child can return to camp. If, however, the child is unwell, they should not return to camp until they are fully recovered. Once they are well and have not had a fever in the last 48 hrs, they can return. If not, they should continue to self-isolate until fever-free for 48 hrs.</p> <p>*If the test returns positive, parents / guardians within the bubble will be notified of the day the symptoms appeared. All children within the bubble must then self-isolate as directed by NHS Track & Trace.</p> <p>*If a family member who lives in the household has a confirmed case of Covid-19, the child needs to self-isolate as directed by NHS Track & trace and get tested if they develop symptoms.</p>	1	4 / 5	4 / 5	Jonathan Sanders & John Wright	06/04/21

Risk Rating Calculator

Likelihood that the hazardous event will occur:	
1	Very Unlikely
2	Unlikely
3	Fairly likely
4	Likely
5	Very likely

Consequence of the hazardous event should it occur:	
1	Insignificant – No Injury
2	Minor – Minor injuries requiring first aid
3	Moderate – Up to three days absence
4	Major – More than seven days absence
5	Catastrophic - Death

Action Level Table

Risk Rating:	Action:
20-25	STOP – Stop activity and take immediate action
15-16	URGENT ACTION – Take immediate action and stop activity if necessary, maintain existing controls rigorously
8-12	ACTION – Improve within specified timescales
3-6	MONITOR – Look to improve at the next review or if there is a significant change
1-2	NO ACTION – No further action but ensure controls are maintained and reviewed
